## Wessex REACH Initiative- training/mentorship/funding support

- The Wessex REACH Initiative is an NIHR funded Incubator working to increase health and social care research capacity in the Wessex region. To help ensure that everyone has access to the training and support they need, we are undertaking a series of group discussions to explore experiences of accessing training/mentoring/funding opportunities. **All discussions will be held online.**

- We would really like to speak to anyone who is in the early stage of their research career. You may be an early career researcher, a first time Principal or Lead Investigator or someone who has not held research funding previously but would like to.
- **Expression of interest** email your preferred date to [info@wessexreach.org.uk](mailto:info@wessexreach.org.uk)
- Further enquiries: Eunice Aroyewun, [info@wessexreach.org.uk](mailto:info@wessexreach.org.uk)

- **Available dates**
- Mar 21: 12pm-1pm
- Mar 28: 10am-11am
- Mar 29: 11am-12pm
- Apr 4 : 1pm-2pm
